

UCC INFORMATION ABOUT THE ZIM DOLLAR

by Joey McHale

The Zimbabwe 2008-2009 Trillion series (ZWR) aren't fiat money; they are "Promissory Notes". Each & every note says "Promise to Pay the Bearer on Demand." Therefore, it is illegal in every country per UCC law not to honor this as a bond.

All the Trillion series must be removed from circulation only after a legally-mandated, set-in-stone, publicly-advertised redemption of the Zimbabwe Trillion series (ZWR) during a redemption period, paid in the legal tender of the country in which the bearer is redeeming. All this has yet to take place by UCC law. It is 100% illegal to lop any zeroes off any financial instrument with this promissory note language, which ALL NOTES in the Trillion series have... PERIOD.

IMF created the Trillion Series for Zimbabwe in the first place in 2008, and the printing stopped early in 2009. IMF has ascertained in writing that Zimbabwe has the greatest wealth of all 209 nations in the new, worldwide financial system, which is SOLELY based on in-ground assets assessed up to 22 miles deep, as calculated by the IMF prior to the signing of the GCR by all 209 nations in December 2016.

The redeeming staff at your RV appointment will negotiate with you as to the rate at which you may redeem these notes, as they must by UCC Law since it is a Promissory Note. Only after Zimbabwe has conducted worldwide PUBLIC notification and held a worldwide redemption period for the PUBLIC can the Trillion series be declared VOID by UCC law - PERIOD, end of discussion. Anything else is illegal and the bearer of the note may bring suit. IMF has ascertained that the wealth of Zimbabwe in the new Quantum Financial System is 125,000 times greater than the United States. So, there is no way Zimbabwe will be allowed to disavow any of these Trillion series (ZWR) without a public redemption period of at least 30 days, by UCC law.

Don't argue at the RV with your redemption agent; be very nice, but inform them by handing them this on a sheet of paper when stating the amount of money which you are requesting.
